*Note: The unutilised amount stated above is as on February 12, 2026 and is subject to change based on payments to be made up to March 31, 2026. The final unutilised balance as on March 31, 2026, after such adjustments, will be carried forward for utilisation in the next financial year.

2) Particulars of the proposed variation/alteration:-
 The company proposes to further extend the tenure for the utilization of unutilized IPO proceeds from March 31, 2026 to March 31, 2027 to adapt to the prevailing market conditions, enhance operational efficiency, and ensure optimal utilisation of funds. The process for extension has been followed in line with regulatory guidelines.

3) Reasons/justification for the variation:-
 Savings arising from the procurement of equipment for the NOC and SOC at the Navi Mumbai property have resulted in unutilised funds, which are now being reallocated towards the Device-as-a-Service (DaS) business to support revenue-generating deployment. Accordingly, the schedule for utilisation of the remaining IPO proceeds has been revised to align with the updated business requirements and ensure optimal use of funds.

4) Effect of the proposed variation/alteration on the financial position of the company:-
 The proposed reallocation is not expected to have any adverse impact on the financial position of the Company, as the funds will be utilised for revenue-generating business operations, thereby supporting efficient capital deployment and potential earnings growth. The funds will enhance efficiency while ensuring compliance with regulatory guidelines. The revised fund utilization timeline remains within the Financial Year 2026-27.

5) Major Risk factors pertaining to the new objects
 No material risks are envisaged in connection with the proposed extension of the timeline for utilization of the unutilized IPO proceeds.

6) Names of Directors who voted against the proposed variation/alteration:
 None of the Directors has voted against the proposed variation/alteration.
